Placement description:

We are delighted to offer a 2-4 week-long placement in London, United Kingdom at Queen Mary University London and East London NHS Foundation Trust. The placement will focus on clinical and/or academic work in perinatal psychiatry, depending on the applicant's interest. We can organise short visits (e.g., half day or one day) to a couple of more mental health services. Applicants are required to have a strong interest in perinatal psychiatry, women's mental health, parent-infant relationship, infant mental health, etc. Previous experience is beneficial but not mandatory. This placement is suitable for trainees or specialists in general adult psychiatry with a special interest in perinatal psychiatry; trainees and specialists in child and adolescent psychiatry; and those interested in pursuing a PhD in this field.

Any limitations or specific requirements:

Fluency in spoken and written English is mandatory

Duration:

2 to 4 weeks depending on candidate availability

Accommodation:

Not available

Meals:

Available on site with no reduced rate

Financial Support:

Not available
