

Prof. Seena Fazel **Biography**

Professor Seena Fazel is Director of the Centre for Suicide Research at the University of Oxford and Professor of Forensic Psychiatry. His research focuses on the prevention of suicide and other adverse outcomes in individuals with mental illness, the assessment of suicide risk, and risk factors for suicidal behaviours in high-risk populations, including people in prison and those with severe mental illness. Professor Fazel has provided expert testimony to the UK Parliament and serves on the UK Independent Advisory Panel on Deaths in Custody. He is also an Honorary Consultant Forensic Psychiatrist for Oxford Health NHS Foundation Trust.
