## WELCOME LETTER

### *Dear Colleagues,*

*It is our great pleasure to welcome you cordially to Nice and to the 14th European Congress of Psychiatry. This annual Congress is organised by the Association of European Psychiatrists (AEP), the largest international association of psychiatrists in Europe with members in 63 countries.*

*The theme of the Congress is:  
"New perspectives on treatment in psychiatry".*

*The high-quality Scientific Programme of the Congress covers the most promising areas of psychiatric research in Europe and many of the significant issues currently faced by European clinicians in their daily practice. The state-of-the-art lectures, plenary lectures and core symposia will indeed provide a full update on the most important aspects of treatment in psychiatry and on the latest achievements in this field.*

*The Congress will also serve the educational mission of the AEP through a variety of CME courses, educational workshops, and symposia. We are glad to announce that the Congress is accredited by the European Accreditation Council for Continuing Medical Education (EACCME) and is designated for a maximum of 21 European external CME credits.*

*The Congress also intends to favour meetings of psychiatrists with different backgrounds and orientations. We hope that the presence of psychiatrists from so many different countries will favour informal meetings and contribute to the feeling of identity of European psychiatry. We expect your active involvement as clinicians and researchers across Europe and hope that this Congress will make it easier for all of you to continue your work in the future.*

*Last, attending this meeting in Nice will also be an opportunity for you to discover, or rediscover, the capital and emblem of the French Riviera. The city of Nice is indeed both an enchanting beach resort and an old city of unique charm. Nice is also an excellent starting point for excursions in the nearby Côte d'Azur, which is renowned for its beautiful scenery and luminous light. We hope that you will find time to take advantage of this very rich cultural, artistic and culinary heritage.*

*We are delighted to welcome you to this important and exciting scientific and social event. We hope that you will bring home memories of a successful Congress and a pleasant stay in a beautiful city.*

**Henning Sass**  
President of the Congress  
AEP President 2005-2006
