## WELCOME LETTER

### ***Dear Colleagues,***

*It is our pleasure to welcome you to the 15th European Congress of Psychiatry in Madrid. This annual Congress is organised by the Association of European Psychiatrists (AEP), the largest international association of psychiatrists in Europe with members in 63 countries.*

*The theme of the Congress is European Psychiatry - Science and Art.*

*The high-quality Scientific Programme covers the most promising areas of psychiatric research in Europe and many of the significant issues faced by European clinicians in their daily practice. The state-of-the-art lectures, plenary lectures and core symposia will indeed provide a full update on the most important aspects of treatment in psychiatry and on the latest achievements in this field.*

*This Congress intends to encourage meetings of psychiatrists with different cultural background and orientations. We believe that the presence of psychiatrists from so many different countries will stimulate informal meetings and contribute to the feeling of identity of European psychiatry. We hope that this Congress will make it easier for all of you to continue your work in the future.*

*Lastly, attending this meeting in Madrid will also be an opportunity for you to discover, or rediscover, the beautiful Spanish capital; Madrid, one of the most exhilarating European cities with many of the world renowned museums (Museo del Prado, Centro de Arte Reina Sofia, Thyssen-Bornemisza Museum), will be the perfect setting for discussions on the Science and Art of psychiatry in Europe.*

*We are delighted to welcome you to this important and exciting scientific and social event. We hope that you will bring home memories of a successful Congress and a pleasant stay in a beautiful city.*

**Cyril Höschl**  
President of the Congress  
AEP President

**Juan José López-Ibor**  
Chairman of the Local  
Organising Committee

ASSOCIATION OF EUROPEAN PSYCHIATRISTS

## THE AEP MISSION

The mission of the AEP is to improve the quality of mental health care throughout Europe, by:

- enhancing the standard of psychiatric education and training;
- promoting excellence in psychiatric research;
- encouraging progress in psychiatric clinical practice;
- informing the development of public health policies relevant to mental health;
- disseminating information about psychiatric research and practice;
- supporting national psychiatric associations.

## THE AEP ACTIVITIES

The AEP accomplishes its mission through the following activities:

- The organisation of an annual Congress
- The organisation of itinerant educational courses throughout Europe, in collaboration with numerous national psychiatric societies.
- The publication of an official journal, "European Psychiatry", published by Elsevier in 8 issues per year plus supplements.
- The award of three annual AEP Research Prizes, aimed at rewarding the young European psychiatrists who have published the best scientific papers.
- The works of 14 Sections, which collect, examine and disseminate information about the various fields of psychiatry.
- Advisory services to the Council of Europe.
- Collaborative activities with several organisations working in the mental health field in Europe.

## THE AEP ITINERANT CME COURSES PROGRAMME

For the fourth year in a row, the AEP Itinerant CME Courses Programme enjoys a continuous success. The AEP CME Courses, which are widely appreciated by all participants confirm the AEP educational mission and have definitely become one of the landmarks of our Association.

The AEP Itinerant CME Courses Programme constitutes a unique opportunity to offer very high-quality continuous medical education given by top world experts on a very wide range of topics. Today, the AEP proposes to your national association to join in our programme, by organising an AEP Itinerant CME Course in your country in 2007 and in 2008.

Twenty-three national psychiatric societies in Europe are now collaborating in this ambitious educational programme (35 CME Courses offered in English, Spanish or French), which was created in 2003.

If you are interested in organising an AEP Itinerant Course in your country in 2007 and, or in 2008, please send an e-mail to [aep.strasbourg@wanadoo.fr](mailto:aep.strasbourg@wanadoo.fr) or visit <http://www.aep.lu> for further information.

## THE AEP CME COURSES IN THE EUROPEAN CONGRESS OF PSYCHIATRY

Since 2002, the AEP includes a panel of 12 to 15 CME Courses within the core scientific programme of its annual congress. Among them, 3 to 4 are proposed by the Local Organizing Committee and delivered in local language (see page X).

ASSOCIATION OF EUROPEAN PSYCHIATRISTS

## YOUNG PSYCHIATRISTS PROGRAMME

Following the great success of the Young Psychiatrists Programme in Geneva 2004, Munich 2005 and Nice 2006, the AEP decided to continue this initiative also in Madrid.

The AEP 2007 Young Psychiatrists Programme will focus on  
**Chances for Young Psychiatrists and Trainees in Europe.**

The Young Psychiatrists Lounge is a meeting point exclusively reserved for Young Psychiatrists with possibilities for networking and recruiting. The lounge will also host specific events exclusively reserved for Young Psychiatrists.

The Meet the Expert sessions are conceptualized as informal discussions in a relaxed atmosphere to guarantee a maximum of free interaction with the audience. **Young Psychiatrists are invited to pre-register to the Meet the Expert sessions.** Seats are limited and will be distributed on a "First come, First serve" basis.

The programme includes the following sessions which will take place at the Young Psychiatrists Lounge, unless indicated otherwise.

## INFORMATION FOR PRESENTERS

### ORAL PRESENTATIONS

A Speakers' Ready Room will be available on the second floor for the duration of the Congress.

#### Data presentation

If using a PowerPoint (or any other computer) presentation, please note you need to bring it on a CD or on a "disk on key" (using the USB port in the computer) and load it on one of the congress' computers in the Speakers' Ready Room, at least 1 hour before the start of the session. You may supply your own laptop computer as a back-up.

If combining video films with PowerPoint, please make sure to check it in the session hall where your lecture is taking place during a coffee or lunch break prior to your session, **or at least 30 minutes before the start of the session - even after checking it in the Speakers' Ready Room.**

Please note that the congress' computers in the session halls are being supplied with Windows XP and Office XP (at least).

#### Important note for Macintosh users

If using a Macintosh laptop computer, please note that you need to supply your own, confirm that it has a VGA socket for external signal and come to check it first in the Speakers' Ready Room as soon as you arrive and later on in the session hall where your lecture is taking place during the coffee or lunch break prior to your session, at least 30 minutes before the start of the session.

Data projection is standard equipment which is available in all session halls. Presenters who require other AV equipment are requested to inform one of the on-site technicians immediately. We will do our utmost to provide these services but cannot guarantee that they will be available upon request. Please note that slide projection and overhead projection will not be available.

### POSTERS

Posters will be on display on three days: Sunday, Monday and Tuesday and will be changed daily. Your poster should be displayed as per the date and the number in the programme. Posters are to be mounted from 08:00 on your assigned day. Please remove your poster at the conclusion of sessions on your assigned day.

The Organising Committee will not be responsible for posters that are not removed on time.

Poster presenters are requested to be present at their designated poster board(s) to answer questions during breaks.

### BEST POSTER PRIZES

Poster prizes will be allocated per topic, depending on the decision of the poster chairpersons. Each winner will receive a prize in the amount of € 300.

## HOW TO BECOME AN AEP MEMBER

To become members of the AEP, candidates are invited to submit their applications to the Secretary General. Applications should be accompanied by curriculum vitae and, if possible, by the names of two sponsors who are already members of the AEP.

You are welcome to stop by the AEP Booth, located in the Exhibition area to receive an application form.

Alternatively you may visit [www.aep.lu](http://www.aep.lu) to download the form and send to:

## EUROPEWIDE ACCREDITATION OF THE CONGRESS (also recognised by the APA)

The 15th European Congress of Psychiatry is accredited by the European Accreditation Council for Continuing Medical Education (EACCME) to provide the following CME activity for medical specialists. The EACCME is an institution of the European Union of Medical Specialists (UEMS), [www.uems.net](http://www.uems.net).

The 15th European Congress of Psychiatry is designated for a maximum of 24 hours of European external CME credits. Each medical specialist should claim only those hours of credit that he/she actually spent in the educational activity.

EACCME credits are recognized by the American Medical Association towards the Physician's Recognition Award (PRA). To convert EACCME credit to AMA PRA category 1 credit, contact the AMA.

Following the approval from the Spanish Accreditation Council for CME (SACCME), the EACCME has granted 24 European CME credits (ECMEC) to the congress.

## ACCOMPANYING PERSONS PROGRAMME

### HALF DAY PANORAMIC TOUR OF MADRID

Sunday, March 18, 2007

09:30-12:30

The tour offers to show some of the varied facets of Madrid by taking you on an extensive panoramic tour of this rapidly expanding city whose population is now approximately 4 million, and spreads over an area of 200 square miles.

There are several different styles of architecture to be seen in its buildings and monuments: Medieval, Renaissance, Baroque, Neo-classic, Romantic and Modern, and different socio-economic districts, such as the Madrid of the artists, the students and the antiquarians.

We will drive along the Paseo del Prado (the street where is the Prado Museum and the Botanic Garden).

We will drive along famous streets like the Gran Vía and see pretty plazas (squares) like Plaza de España, Plaza de Oriente (where the Royal Palace is), Puerta del Sol, Neptune, Colón and Cibeles Square. We will see modern Madrid with its wide avenues like the Castellana, and parks and gardens like the Retiro and Casa del Campo. We will also see the "monumental" bullring and the Bernabeu Soccer Stadium.

### PEDESTRIAN TOUR THROUGH AUSTRIAN QUARTER

Tuesday, March 20, 2007

09:30-12:30

The Austrian Quarters is the old part of the city constructed in the 16th and 17th centuries. We begin with a walk through the winding streets, stopping at the Plaza Mayor built in the 17th century but the King Philip III and today's meeting place for artists. The atmosphere is frantic due to the existing variety of Mesones (Tapas Bars).

The grand metropolis of Madrid had its beginnings as a small village located on a natural ravine overhanging the river, today's Calle Segovia. The town attained its greatest level of growth many years later, when in 1561, Felipe II established the Villa de Madrid as the head of its empire. Most of the most outstanding buildings we find now in the old town of Madrid go back to this period. We'll see the Plaza Mayor or main square, dominated by the austere design of the Casa de la Panadería and constructed with a dual purpose: serving as a market on week-days and as a theatre on important holidays and royal occasions. We'll pass by the Casa de Cisneros, the Church of San Pedro el Viejo and the Plaza de la Villa, where we find the Tower of Los Lujanes, one of the very few monuments left in Madrid from the 15th century and the Casa de la Villa, the outstanding town hall of Madrid.

**Both tours will depart from Municipal Conference Centre  
Campo De Las Naciones at 09:30 hours. Comfortable walking  
shoes recommended.**
