WELCOME LETTER

Dear Colleagues,

It is our great honour to welcome you, on behalf of the European Psychiatric Association to Munich for this, the 18th European Congress of Psychiatry.

As you may already know, Munich has a relationship of over 100 years with psychiatry, represented by some of the most remarkable researchers and psychiatrists such as Emil Kraepelin and Alois Alzheimer and still hosting a very active psychiatric research scene.

We are proud of the full and dynamic scientific programme that is being offered here at EPA 2010. The Congress programme includes high-quality and multidisciplinary sessions in a variety of styles, including symposia, debates, plenary lectures, interactive workshops and courses, intimate 'meet the expert' sessions and symposia organized by leading pharmaceutical companies.

Under the motto "Improve the quality of psychiatric research and treatment in Europe", the aim of the programme is to provide a full review of the most important aspects of diagnosis and treatment in psychiatry and of the latest achievements in this field.

In addition to scientific activities we are pleased to offer our guests the platform to interact with each other and benefit from the opportunity to network with colleagues from Europe and beyond its borders!

We do hope that you will also have the opportunity to enjoy Munich during your visit, particularly the old city centre and the many cultural institutions that the city has to offer.

Wishing us all a successful congress.

Hans-Jürgen Möller

EPA President

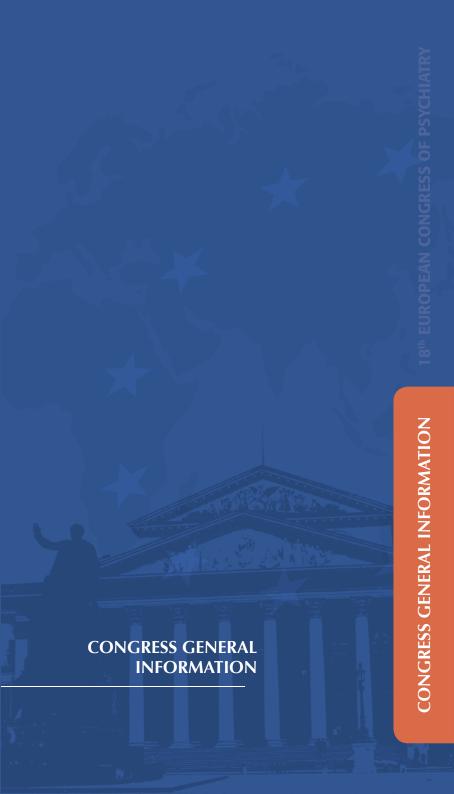

Norbert Müller

Local Organising Committee Chair

Psychiatry Journals from Informa Healthcare

Our Psychiatry collection gives you global coverage of all aspects of psychiatry research.

This is reflected in our titles which include:

Harvard Review of Psychiatry, World Journal of Biological Psychiatry, Australian and New Zealand Journal of Psychiatry and Nordic Journal of Psychiatry.

Features

- ✓ International authorship and readership
- ✓ Authoritative and central source of information
- ✓ Leading peer-reviewed content
- ✓ High-quality original research and timely reviews
- ✓ Online archive included in every subscription
- ✓ Articles are published online ahead of print publication with iFirst
- ✓ Table of contents alerts delivered straight to your inbox

Go online today to learn more about the series and sign up for customised table of contents e-alerts.

How this benefits you ...

- $\textbf{1. Save time} \ \ \text{by quickly accessing the latest in research and reviews}.$
- Know the key developments which you need to be ahead in your field of work.
- 3. Keep up-to-date with important international debate.
- 4. Be confident that your information comes from a trusted source, widely-cited by your peers.
- 5. Save money by accessing the whole archive of content for free, giving you a valuable historical perspective.

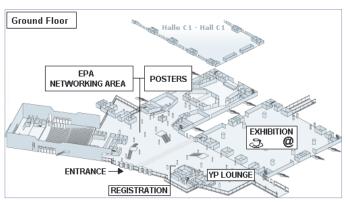

ACKNOWLEDGEMENTS

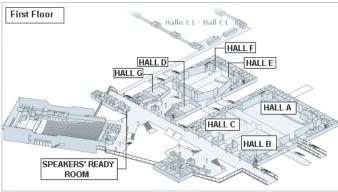

EPA wishes to express its gratitude to the following companies who through their generosity have helped to make this congress possible.

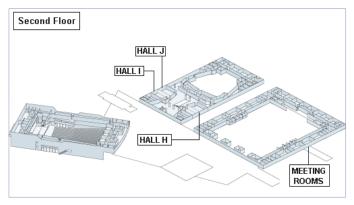

VENUE LAYOUT

GENERAL INFORMATION

CONGRESS VENUE

ICM - International Congress Centre Munich Messe München GmbH Messegelände 81823 Munich Germany www.icm-muenchen.de

REGISTRATION DESKS

Registration desks will be situated on the ground floor of the congress centre venue and will operate at the following times:

Saturday, 27 February 11:00 - 20:30 Sunday, 28 February 07:30 - 19:30 Monday, 1 March 06:30 - 19:30 Tuesday, 2 March 07:30 - 18:00

EXHIBITION OPENING HOURS

The exhibition will be open as follows:

Saturday, 27 February 15:00 - 18:00 Sunday, 28 February 09:30 - 16:30 Monday, 1 March 09:30 - 16:30 Tuesday, 2 March 09:30 - 16:30

NAME TAGS

If you pre-paid your registration fees for the congress you will have collected your registration material from the self-service machines in the registration area. Here you will have received your name tag along with any tickets for additional courses or other congress activities you may have reserved for your schedule. Please be sure to keep these tickets and wear your name badge at all times around the congress venue.

CERTIFICATE OF ATTENDANCE

Certificates of attendance will be available at the pre-paid registration area from 14:00 on Monday, 1 March until the end of sessions on Tuesday, 2 March.

Participants will be requested to scan their barcode at the machine and the certificate will automatically be printed with the participant's name. Hostesses will be available to assist you.

EPA NETWORKING AREA

For the first time in medical congresses we have introduced a robust interactive online networking platform to enhance congress attendees to setup pre-scheduled meetings at the congress with their peers in a defined timeframe. This online system manages automatically meeting's logistics including the allocation of time slot and table for the meeting at the designated EPA Networking Area during the congress days.

The EPA Networking Area is located next to the exhibition and posters. We welcome all congress participants to use this area as a meeting point whether you have pre-booked space using our online networking tool or not.

CYBFR CAFÉ

Sponsored by **Pfizer**

Free internet facilities are available to all congress participants in the exhibition area, during exhibition opening hours. Please be considerate of fellow participants when using these facilities.

Y EPA Goes Green

As part of the campaign to preserve the environment, all congress abstracts are available on CD ROM and published online in Elsevier's premium scientific journal, EUROPEAN PSYCHIATRY. There is an Abstract Viewing Centre located in the exhibition area where participants are welcome to view and print selected abstracts from the abstract book.

NOTICE BOARD/MESSAGES

There will be a notice board near the registration area on the ground floor of the congress venue where updates and notifications will be posted during the congress. Participants are also welcome to use this space to place messages for colleagues.

SMOKING POLICY

Smoking is prohibited throughout the congress venue. Please be considerate of the rules of the venue and your fellow participants.

CONGRESS ACCREDITATION

The European Congress of Psychiatry is accredited by the European Accreditation Council for Continuing Medical Education (EACCME) to provide the following CME activity for medical specialists. The EACCME is an institution of the European Union of Medical Specialists (UEMS), www.uems.net

The European Congress of Psychiatry is designated for a maximum of 21 hours of European external CME credits.

Each medical specialist should claim only those hours of credit that he/she actually spent in the educational activity.

EACCME credits are recognised by the American Medical Association towards the Physician's Recognition Award (PRA).

To convert EACCME credit to AMA PRA category 1 credit, please contact the AMA.

INFORMATION FOR PRESENTERS

All speakers presenting in sessions are requested to submit their presentations to the Speakers' Ready Room at least 1 hour before the start of your session. (See page x for venue layout)

The Speakers' Ready Room will be clearly sign posted at the congress and will be open at the following times:

Saturday, 27 February 11:00 - 20:30 | Monday, 1 March 06:30 - 19:30 | Sunday, 28 February 07:30 - 19:30 | Tuesday, 2 March 07:30 - 18:00

If using a **PowerPoint** (or any other computer) presentation, please note that you need to bring it on a CD, a DVD or on a "disk on key" Memory stick (using the USB port in the computer) and load it on one of the congress' computers in the Speakers' Ready Room, at least 1 hour before the start of the session.

You may supply your own laptop computer as a back-up.

If combining video films with PowerPoint, please make sure to check it in the session hall where your lecture is taking place during a coffee or lunch break prior to your session, at least 30 minutes before the start of the session - **even after checking it in the Speakers' Ready Room**.

Please note that the congress' computers in the session halls are being supplied with Windows XP and Office 2007.

Important note for Macintosh users

In order to use MAC presentations on a PC compatible computer please note that you need to prepare it according to the instructions below, before bringing it to the Speakers' Ready Room:

- Use a common font, such as Arial, Times New Roman, Verdana etc. (special fonts might be changed to a default font on a PowerPoint based PC).
- Insert pictures as JPG files (and not TIF, PNG or PICT these images will not be visible on a PowerPoint based PC).
- Use a common movie format, such as AVI, MPG and WMV (MOV files from QuickTime will not be visible on a PowerPoint based PC).

You may use your own Macintosh laptop computer as a back-up. In such a case please confirm that it has a VGA socket for external signal and come to check it first in the Speakers' Ready Room as soon as you arrive and later on in the session hall where your lecture is taking place during the coffee or lunch break prior to your session, at least 30 minutes before the start of the session.

Please note that VHS Video projection, 35 mm' slide projection and Overhead projection (projection of transparencies) will not be available.

INFORMATION FOR PRESENTERS

POSTER VIEWING

Posters will be on display on the ground floor on three days: Sunday, 28 February, Monday, 1 March and Tuesday, 2 March with a daily rotation.

Your poster should be displayed as per the date and the number in the programme.

Posters are to be mounted from 08:00 on your assigned day. Please remove your poster at the conclusion of sessions on the same day. The Organising Committee will not be responsible for posters that are not removed on time.

Poster presenters are requested to be present at their designated poster board(s) to answer questions during breaks.

POSTER WALKS

Poster walks will be on level one conducted by members of the Local Organising Committee and the Young Psychiatrists' Committee. The posters to be visited during the Poster Walks are listed at the end of the detailed programme for each day in this book.

Posters are to be mounted from 08:00 on your assigned day and removed at the conclusion of sessions on the same day. Please be standing by your poster board for the poster walks that will take place from 12:45-14:15 on your assigned day.

BEST POSTER PRIZES

Poster prizes will be allocated per topic, depending on the decision of the poster chairpersons.

Each winner will receive a prize of €300.

EPA PRIZE WINNERS

The EPA is delighted to award the following prizes at the 18th European Congress of Psychiatry. The winners will be awarded during the Opening Ceremony on 27 February at 18:15 in Hall A.

EPA RESEARCH PRIZE WINNERS

The European Psychiatric Association has awarded four Research Prizes of €2,500 each to Young Psychiatrists working in Europe, who published the best scientific papers in 2009. Research Prizes for 2010 have been awarded to the following Young Psychiatrists:

- Category 1: Clinical psychopathology and refinement of psychiatric diagnostic categories

 Andrea RABALLO, Denmark
- Category 2: Biological correlates and treatment of mental disorders Nikolaos KOUTSOULERIS, Germany and Eric FAKRA, France
- **Category 3:** Psychiatric epidemiology, social psychiatry and psychotherapeutic interventions in mental disorders **James MACCABE**, *UK*
- **Category 4:** Child and adolescent psychiatry **Argyris STRINGARIS**, *UK*

BMS PREVENTION AWARD IN PSYCHIATRY

The winner of the BMS Prevention Award in Psychiatry will be awarded with €20,000 for scientific purposes at his or her institution and is invited to present the award lecture during the European Congress of Psychiatry.

The winner of the European BMS Prevention Award in Psychiatry 2010 is: **Dan RUJESCU**

University of Munich, Department of Psychiatry, Germany Awarded for his work: "Genetics of schizophrenia"

SCHOLARSHIP PROGRAMME FOR YOUNG PSYCHIATRISTS AND TRAINEES

The Scholarship Programme includes

Complimentary registration to the European Congress of Psychiatry, travel expenses, hotel accommodation Complimentary registration for one CME course and 1 year of free EPA membership.

Who is eligible?

Young psychiatrists who are either trainees or within 5 years of completion of specialist training in psychiatry and who are working in countries that form part of the World Health Organisation Europe region.

The scholarship has been awarded to the following young psychiatrists and trainees:

Dorota FRYDECKA, Poland Amit MALIK, United Kingdom Olga PARAVAYA, Belarus Virginio SALVI, Italy Aude VAN EFFENTERRE. France

ADDITIONAL CONGRESS ACTIVITIES

Saturday, 27 February

Opening Ceremony

Hall A

International Congress Centre Munich

Award Ceremony:

- Introduction of the Young Psychiatrists scholarship awardees
 - Introduction of the Research Prizes winners
 - Introduction of the BMS-FPA Award winner and lecture

Following the Opening Ceremony all participants are invited to the

20:00

Level 1 of Congress Venue

Young Psychiatrists Welcome Reception

20:30 YP lounge

This event is open to all registered young psychiatrists. This gathering is an integrated part of the general welcome session and aims to assist young psychiatrists understand the format of the congress by giving an overview of the EPA's history and activities plus allowing for the valuable opportunity to network amongst peers and experienced psychiatrists.

Sunday, 28 February

19:30 onwards Assemblies of EPA Members Followed by

Round Table Dinner of EPA Members

This event is reserved for EPA Members.

All EPA Members are invited to meet fellow EPA colleagues of the association in a friendly atmosphere during dinner.

Please collect your invitation for this event from the EPA booth in the exhibition.

Monday, 1 March

Congress Presidential Dinner - Optional 20:30

The Munich Residenz Max-Joseph-Saal Residenzstraße 1 Munich

The Munich Residenz served as the seat of government and residence of the Bavarian dukes, electors and kings from 1508 to 1918. What began in 1385 as a castle at the north-eastern corner of the town (the Neuveste, or new citadel) was transformed over the centuries into a magnificent palace. The complex as a whole is one of the largest museums in Bavaria.

We are delighted also to have a private concert arranged for guests of the evening. The musical programme will include:

Pre-dinner concert

Richard Strauss (1864-1949) Sonata F Major op. 6 Konrad Maurer (Violoncello) and Anna Maria Möller (Piano)

Musical Interludium

Fryderyk Chopin (1810-1849) Balada No.3 As dur op. 47, Slavka Pechocová (Piano)

Musical Postludium

Méditation from the opera Thais from Jules Massenet, Julia Kamke (Violin) and Verena Kamke (harp)

Tickets have been sold on a first-come-first-served basis

ART, EXPRESSION AND PSYCHOPATHOLOGY

The EPA is proud to have this opportunity to host two moving exhibitions here at our congress in Munich. These inspiring exhibitions have been collected by our colleagues in the field of psychiatry and can be found on level one of the congress centre.

Dr. Christa Seidel, psychologist and child-psychotherapist, will present her own long-life-collection of drawings/ painting by abused children during the course of their psychotherapy. These beautiful and fascinating creations are explained by the reaction that they evoke; in terms of emotions, personality, development stage, progress in psychotherapeutic process.

Professor Dr. Konrad Maurer, chair of the psychiatric university department Frankfurt, will show pictures of the painter Carolus Horn, who in the later stage of his life suffered from Alzheimer dementia. These pictures will be interpreted amongst others as a correlate of the deterioration of the dementia progress.

These two collections complement and contrast each other in the sense that the child-paintings are indicating developmental processes, while the pictures of Carolus Horn demonstrate the process of retro-genesis in the context of Alzheimer's disease.

Exhibition will be open from 20:00 on Sunday 28 February until the end of Congress session on Tuesday, 2 March.

MIND MATTERS

Brand New Psychiatry Newsletter

MIND MATTERS is a quarterly newsletter that features free content from our latest books and journal issues, as well as providing news on upcoming conferences.

Each issue will address a particular topic – recent themes include Depression, Bipolar Disorders and Clinical Trials.

Forthcoming themes include:

Schizophrenia • Social Psychiatry • Addiction.

Visit www.wiley.com/go/mindmatters to access the free articles and book chapters included in the newsletter.

JOIN OUR EMAIL LIST!

The Young Psychiatrists' Lounge is a dedicated area for Young Psychiatrists and trainees, which offers the opportunity for networking. The lounge will also be the designated hall for the majority of Young Psychiatrist Programme sessions.

The lounge is located next to the exhibition area and will be open at the following times:

Saturday, 27 February	11:00 - 22:00
Sunday, 28 February	07:30 - 19:30
Monday, 1 March	06:30 - 19:30
Tuesday, 2 March	07:30 - 18:00

MEET THE EXPERT SESSIONS

The Meet the Expert sessions are designed to be informal discussions in a relaxed atmosphere to allow a full and free interaction between the speaker and audience. The aim of the sessions is to learn about Trends and Developments in the Therapy of Mental Disorders: A Challenge for European Young Psychiatrists and Trainees.

Below are short introductions to the speakers. Please be aware that these sessions are popular and seats are limited.

Prof. Norman Sartorius

Norman Sartorius served as Director of the Division of Mental Health of the World Health Organization (WHO) and was the principal investigator of several major international studies on schizophrenia, on depression and on health service delivery. He has published more than 330 articles in scientific journals, authored or co-authored several books and edited a number of others.

He was the President of the World Psychiatric Association (WPA) and President of the Association of European Psychiatrists (AEP). Currently he is the President of the Association for the Improvement of Mental Health Programmes and holds professorial appointments at the Universities of London, Prague and Zagreb and at several other universities in the USA and China.

Professor Sartorius is a corresponding member of the Croatian Academy of Arts and Sciences and of the Spanish Royal Academy of

YOUNG PSYCHIATRISTS' PROGRAMME (cont.)

Medicine, member of the Medical Academies of Croatia, Peru and Mexico. He has honorary doctorates from the Universities of Umea, Prague and Bath and is an Honorary Fellow or honorary member of numerous psychiatric associations. He is also the editor of three journals and a member of the editorial board of many more.

Research Interests: Psychiatric epidemiology, cross cultural psychiatry, public health issues, ethics and service organization.

Prof. Povl Munk-Jørgensen

Povl Munk-Jørgensen is professor of psychiatry at Aarhus University and head of Unit for Psychiatric Research at Aalborg Psychiatric Hospital, Aarhus University hospital. He is visiting professor at Institute of Psychiatry, King's College London and honorary member of the Royal College of Psychiatrists. In the early nineties he was chairman of the Danish Psychiatric Society and 2002-2008 chairman of the EPA Section Epidemiology and Social Psychiatry. Through 11 years he is editor-in-chief of the Acta Psychiatrica Scandinavica. His major research interest is within the field of psychiatric epidemiology. SCIENTIFIC PROGRAMME SATURDAY

Saturday, 27 February, 2010

We invite you to join us at:

Treatment Continuum in Severe Mental Illnesses: Benefits and Challenges

Saturday, 27 February 2010

Programme: 16.30-18.00 International Congress Centre Munich Hall C Munich, Germany

This satellite symposium of EPA 2010 is sponsored by

a division of Merck and Co., Inc., USA

Agenda

16.30-16.35

Introduction: Key Issues in the Treatment of Severe Mental Illness

Gary Sachs, MD, Chair Associate Professor of Psychiatry Harvard Medical School Boston, Massachusetts, USA

16.35-17.00

From Acute to Long-Term
Treatment of Schizophrenia:
Key Factors for Success
W. Wolfgang Fleischhacker, MD
Professor of Psychiatry
Medizinische Universität Innsbruck
Innsbruck, Austria

17.00-17.25

Continuity of Treatment in Bipolar Disorder: What Do We Know? Gary Sachs, MD

17.25-17.40

Beyond Treatment of Severe Mental Illnesses: Patient Advocacy Perspective Dolores Gauci President Global Alliance of Mental Illness Advocacy Networks (GAMIAN) Sta Venera, Malta

17.40-18.00

Concluding Remarks and Q&A

Saturday, 27 February, 2010

13:00-14:30 Hall E

CME Course 6

TAKING CARE OF OURSELVES: MANAGING STRESS,

PREVENTING BURNOUT

Chairperson: W. Rössler, Bern, Switzerland

13:00-14:30 Hall F

CME Course 10

COGNITIVE-BEHAVIOURAL TREATMENT OF OBSESSIVE-COMPULSIVE DISORDER

Chairperson: F. Hohagen, Lübeck, Germany

13:00-14:30 Hall G

CME Course 1

PROBLEMS SOLVING IN PSYCHO-PHARMACOTHERAPY
USING PHARMOCOKINETIC AND PHARMACOGENETIC TESTS

Chairperson: P. Baumann, Lausanne, Switzerland

Speakers: C. Hiemke, Mainz, Germany

Valdoxan

Agomelatine

The first melatonergic antidepressant

Resetting the biological clock for unique relief at each step of depression

NEW IN DEPRESSION 3 remitters out of 4 3 8 relapse-free out of 10 4

Week 12

Week 24

3 responders out of 4 ²

Improvement in feeling good, daytime functioning, and quality of sleep[†]

Valdoxan 25 mg

Presentation and Composition: Each film-coated tablet contains 25 mg of agomelatine. Indication: Treatment of major depressive episodes in adults. Properties: Antidepressant. Melatonergic agonist (MT₁ and MT₂ receptors) and 5HT₂, antagonist. No influence on extracellular levels of serotonin. Proven

antidepressant efficacy including in severe depression. Suŝtained antidepressant efficacy preventing relapse. Improvement of onset and quality of sleep, without daytime clumsiness from the first week of treatment. No discontinuation symptoms, or effects on sexual function, body weight, heart rate, or blood pressure. Contraindications: Hypersensitivity to the active substance or any excipient, hepatic impairment, concomitant use with potent CYP1A2 inhibitors (e.g. fluvoxamine, ciprofloxacin). Dosage: The recommended dose is 25 mg once daily taken orally at bettime. After 2 weeks, the dose may be increased to two 25 mg tablets. Interactions: Combination of Valdoxan and alcohol is not advisable. Side effects: Common: headache, dizziness, somnolence, insomnia, migraine, nausea, diarrhea, constipation, upper abdominal pain, hyperhidrosis, back pain, fatigue, anxiety, increases serum transaminases. Precautions: Not recommended in patients under 18 years old, pregnant woman and during breast-feeding. Not for use in elderly patients with dementia. Use with caution in patients with a history of mania or hypomania and discontinue therapy if manic symptoms appear. Possible effects on the ability to drive a car or operate machinery. Perform liver function tests when initiating treatment, periodically after around 6, 12, and 24 weeks, and thereafter when clinically indicated. Perform liver function tests in patients with symptoms suggesting hepatic dysfunction. Do not use in patients with galactose intolerance or glucose-galactose malabsorption. As prescribing information may vary from country to country, lease refer to the complete data sheet supplied in your country. LES LABORATOIRES SERVIER France. Correspondent: SERVIER INTERNATIONAL: 35 rue de Verdun, 92284 Suresnes Cedex – France. www.servier.com

SCIENTIFIC PROGRAMME

MONDAY

Presentation: "Cipralex". Tablets containing 5, 10, 15 or 20 mg escilalopram (as oxalate). Indications: Major depression. Generalised anxiety disorder. Panic disorder. Social anxiety disorder. Obsessive compulsive disorder. Dosage: Usual dose is 10 mg daily. In alderly (>65 years), in panic disorder patients and in patients with reduced hepatic function an initial dose of 5 mg daily is recommended. Caution in patients with severely reduced renal function. Not recommended in children and

adolescents (<18 years). When stopping treatment the dose should be gradually reduced over a period of one or two weeks. Contraindications: Hypersensivity to secitalopram. Concomitant treatment with MAOIs. Pregnancy and lactation: Careful consideration prior to use in pregnant women. Breast-feeding women should not be treated. Precautions: The special warnings and precautions which apply to the class of SSRIs. Drug interactions: MAOIs, serotonergic drugs, drugs lowering the seizure threshold,

lithium trypthophan, St. John's Wort, anticoagulants, drugs metabolised mainly by enzymes CYP 2D6 or 2C19. Adverse events: Most frequent during the first or second week, very common is nausea, less frequent is adverse events comprising to the SSRI class. Overdosage: Doses between 400 mg and 800 mg of escitalopram alone have been taken without any severe symptoms. Consult full prescribing information before prescribing. H. Lundbeck A/S, Copenhagen, Denmark. January 2010

TREATEMENT OUTCOME WITH AGOMELATINE:MEETING THE CHALLENGES

Sponsored by SERVIER

Chairpersons: H.-J. Möller, Munich, Germany

G. Racagni, Milano, Italy

Time

12:45 INTRODUCTION

G. Racagni, Milano, Italy

12:50 A NEW WAY TO MANAGE DEPRESSION

SUCCESSFULLY: RESTORING CIRCADIAN

RHYTHMS

G. Racagni, Milano, Italy

13:10 EARLY SYMPTOM RELIEF FOR SUPERIOR

OUTCOME OF DEPRESSION

F. Rouillon, Paris, France

13:30 MORE COMPLETE AND SUSTAINED

REMISSION: THE KEY TO SUCCESS IN

DEPRESSION

S.H. Kennedy, Toronto, ON, Canada

13:50 CLINICAL EXPERIENCE WITH AGOMELATINE IN

DEPRESSED PATIENTS

G. Hajak, Regensburg, Germany

14:10 CONCLUSION

H.-J. Möller, Munich, Germany

14:15-15:15 Hall A Update Session "UPDATE ON" LECTURES Chairperson: N. Sartorius, Geneva, Switzerland Time 14:15 RECENT DEVELOPMENTS IN THE TREATMENT **OF SCHIZOPHRENIA** C. Höschl^{1,2}, ¹Prague, Czech Republic, ²Kosice, Slovak Republic Chairperson: B. Bandelow, Goettingen, Germany 14:45 RECENT DEVELOPMENTS IN THE TREATMENT OF PANIC DISORDER AND GENERAL ANXIETY DISORDER S. Kasper, Vienna, Austria 14:15-15:45 Hall B

Symposium IMMUNE SYSTEM AND INFLAMMATION IN SCHIZOPHRENIA			
Chairpersons:	Chairpersons: N. Müller, Munich, Germany V. Arolt, Münster, Germany		
Time			
14:15	ANIMAL AND HUMAN DATA OF MICROGLIAL ALTERATIONS IN SCHIZOPHRENIA (FOR SYMPOSIUM MÜLLER IMMUNE SYSTEM) G. Juckel, Bochum, Germany		
14:35	PRENATAL EXPOSURE TO INFECTION: A PRIMARY MECHANISM FOR ABNORMAL DOPAMINERGIC DEVELOPMENT RELEVANT TO SCHIZOPHRENIA U. Meyer, Zürich, Switzerland		
14:55	ANTI-INFLAMMATORY THERAPY IMPROVES THERAPEUTIC OUTCOME IN SCHIZOPHRENIA M. Schwarz, Munich, Germany		
15:15	IMMUNE SEQUELAE IN SCHIZOPHRENIA: THE QUEST FOR TESTABLE HYPOTHESES M. Rapaport, Los Angeles, CA, USA		
15:35	DISCUSSION		
15:45	Coffee Break, Poster Viewing and Exhibition		

14:15-15:45	I	Hall C
	DYSREGULATION IN ADULT ADHD: PART OR COMORBID CONDITION?	F THE
Chairpersons:	M. Rösler, Homburg/Saar, Germany P. Asherson, London, UK	
Time		
14:15	EMOTIONAL LABILITY IN CHILDREN AND ADOLESCENTS WITH ADHD. CLINICAL CORRELATES AND FAMILIAL PREVALENCE. Banaschewski, Mannheim, Germany	E
14:35	IS EMOTIONAL DYSREGULATION PART OF PSYCHOPATHOLOGY OF ADULT ADHD? RD. Stieglitz, Basel, Switzerland	F THE
14:55	THE CO-VARIATION OF MOOD VARIABILIT WITH ADHD SYMPTOMS P. Asherson, C. Skirrow, G. McLoughlin, J. Ki London, UK	-
15:15	DO SYMPTOMS OF EMOTIONAL DYSREGULATION RESPOND TO PHARMACOLOGICAL TREATMENT OF ADI ADHD? M. Rösler, W. Retz, Homburg/Saar, Germany	
15:35	DISCUSSION	
15:45	Coffee Break, Poster Viewing and Exhibition	

14:15-15:45	Hall C
Workshop THE CATATON DIAGNOSIS	NIC SYNDROME; ETIOLOGY AND DIFFERENTIAL
Chairpersons:	W. Verhoeven, Venray, The Netherlands G. Stöber, Würzburg, Germany
Time	G. Glober, Warzburg, Germany
14:15	CATATONIA: DIFFERENTIATION, PATHOPHYSIOLOGY AND TREATMENT W. Verhoeven, Venray, The Netherlands
14:20	DIFFERENTIAL DIAGNOSIS OF CATATONIC PSYCHOSES B. Pfuhlmann, Würzburg, Germany
14:40	PREVALENCE OF CATATONIA IN PSYCHOSES F.M.M.A. van der Heijden, W.M.A. Verhoeven, Venray, The Netherlands
15:00	GENETICS AND PATHOPHYSIOLOGY OF CATATONIA G. Stöber ¹ , D. Schanze ² , A.B. Ekici ² , A. Reis ² , 1 Würzburg, 2 Erlangen, Germany
15:20	A RETROSPECTIVE STUDY OF 34 PATIENTS WITH CATATONIA: CLINICAL DATA AND OUTCOME J. Tuerlings, J. van Waarde, B. Verwey, Arnhem, The Netherlands
15:40	DISCUSSION
15:45	Coffee Break, Poster Viewing and Exhibition

14:15-15:45 Hall E Symposium **COGNITIVE FUNCTIONING IN BIPOLAR DISORDERS:** AN UPDATE Chairpersons: S. Frangou, London, UK P. Brambilla, Udine, Italy Time 14:15 PARATHYROID HORMONE AND COGNITIVE **DEFICITS IN LITHIUM-TREATED BIPOLAR PATIENTS** E. Severus, K. Fast, N. Tomova, M. Berger, M. Obermeier, F. Seemüller, S. Dittmann, B. Bernhard, H.-J. Möller, M. Riedel, Munich, Germany IS HOMOCYSTEINE A PREDICTOR FOR 14:35 **COGNITIVE IMPAIRMENT IN BIPOLAR** DISORDERS? S. Dittmann, F. Seemüller, H.C. Grunze, M.J. Schwarz, R.R. Engel, M. Riedel, W.E. Severus, München, Germany 14:55 ASSOCIATIVE LEARNING AND CONTEXT PROCESSING ABILITIES IN BIPOLAR **DISORDERS** P. Brambilla, Udine, Italy 15:15 SEARCHING FOR COGNITIVE ENDOPHENOTYPES IN BIPOLAR DISORDER: WHY AND HOW? C. Daban, A. Szöke, B. Etain, B. Cochet, A. Raust, M. Leboyer, Créteil, France 15:35 DISCUSSION 15:45 Coffee Break, Poster Viewing and Exhibition

14:15-15:45	Hall F		
Symposium EPIGENETIC, GENETIC, AND MOLECULAR SUBSTRATES UNDERPINNING DIAGNOSIS AND TREATMENT OF MAJOR DEPRESSIVE DISORDER (MDD)			
Chairpersons:	Y. Dwivedi, Chicago, IL, USA D. Rujescu, Munchen, Germany		
Time			
14:15	EPIGENETIC MODIFICATION IN BDNF RECEPTOR TRK.T1: ROLE IN MAJOR DEPRESSION G. Turecki , Montreal, QC, Canada		
14:35	NEUROTICISM: AN INTERMEDIATE PHENOTYPE FOR MAJOR DEPRESSION D. Rujescu, <i>Munich, Germany</i>		
14:55	PHOSPHODIASTERASE 4 (PDE4) VARIANTS: ROLE IN DEPRESSION AND TREATMENT Y. Dwivedi, Chicago, IL, USA		
15:15	GLYCOGEN SYNTHASE KINASE-3ß AND ASSOCIATED PROTEINS IN THE PHOSPHOINOSITIDE 3- KINASE/AKT SIGNALING AXIS: ROLE IN MAJOR DEPRESSION F. Karege ¹ , N. Perroud ¹ , R. La Harpe ² , S. Burkhardt ² , E. Ballmann ¹ , A. Malafosse ¹ , ¹ Chene-Bourg, ² Geneva, Switzerland		
15:35	DISCUSSION		
15:45	Coffee Break, Poster Viewing and Exhibition		

14:15-15:45		Hall G
Symposium: HUMANISTIC	ASPECTS OF PSYCHIATRY	
Chairpersons	: D. Moussaoui, Casablanca, Morocco O. Dörr, Santiago, Chile	
Time	C. Dorr, Gariago, Grino	
14:15	FAST (FIGHT AGAINST STIGMA): PROMO MENTAL HEALTH THROUGH AN ORIGINA PUBLIC PRIVATE PARTNERSHIP (PPP) D. Moussaoui ¹ , D. Gerard ² , ¹ Casablanca, Mo ² Paris, France	.L
14:35	LOGOPATHIES AND TYMOPATHIES O. Dörr, Santiago, Chile	
14:55	THE ROLE OF PHENOMENOLOGY IN PSYCHIATRY J. Naudin, Marseilles, France	
15:15	DISCUSSION	
15:45	Coffee Break, Poster Viewing and Exhibition	
14:15-15:45		Hall H
CME Course 2	NAL PSYCHOTHERAPY OF DEPRESSION	
Chairperson:	T. Grüttert, Germany	
15:45	Coffee Break, Poster Viewing and Exhibition	
14:15-15:45		Hall I
CME Course 4	TE AND PUBLISH A SCIENTIFIC PAPER	
Chairpersons	: P. Munk-Jørgensen, Aalborg, Denmark C. Lauber, Liverpool, UK	
15:45	Coffee Break, Poster Viewing and Exhibition	

14:15-15:45	YP Lounge		
Young Psychiatrists' Round Table EUROPEAN ACADEMIA			
Chairpersons	A. Fiorillo, Naples, Italy I. Calliess, Hannover, Germany		
Time	i. Jamess, Harmover, Germany		
14:15	BRAIN DRAIN, VIEW FROM WESTERN EUROPE, AND INTERNATIONAL EXAMINATION D. Bhugra, London, UK		
14:30	BRAIN DRAIN, VIEW FROM EASTERN EUROPE I. Bitter, Budapest, Hungary		
14:45	PSYCHIATRIC TRAINING IN EUROPE IN PRACTICE: TRAINEES' PERSPECTIVE M. Rojnic-Kuzman, Zagreb, Croatia		
15:00	DOES HARMONISATION MEAN NIVELIZATION? H. Sass, <i>Aachen, Germany</i>		
15:15	COMPETENCY INSTRUMENTS J. Strachan, Edinburgh, UK		
15:30	DISCUSSION		
15:45	Coffee Break, Poster Viewing and Exhibition		

16:15-17:45	Hall B	
Core Symposium CO-MORBIDITY OF DIABETES AND DEPRESSION: PROBLEMS FOR SCIENCE AND CONSEQUENCES FOR PRACTICE		
Chairperson:	N. Sartorius, Geneva, Switzerland	
Time		
16:15	EPIDEMIOLOGY OF CO-MORBID DIABETES AND DEPRESSION N. Hermanns, Bad Mergentheim, Germany	
16:35	THE PATHOGENESIS OF CO-MORBID DIABETES AND DEPRESSION: ARE THEY MORE IN COMMON THAN WE THOUGHT? K. Ismail, London, UK	
16:55	TREATMENT OF DEPRESSION AND DIABETES WHEN CO-MORBID C. van der Feltz-Cornelis ^{1,2} , ¹ Utrecht, ² Amsterdam, The Netherlands	
17:15	THE ECONOMIC CONSEQUENCES OF COMORBID DIABETES AND DEPRESSION M. Knapp, London, UK	
17:35	DISCUSSION	
17:45	Short Break to Change Halls	

16:15-17:00 Hall C

State-of-the-Art Lecture

THERAPY OF PERSONALITY DISORDERS IN EUROPE

Chairperson: F. Hohagen, Lübeck, Germany

Speaker: S. Herpertz, Heidelberg, Germany

16:15-17:45 Hall D

ECNP Symposium Hosted by EPA

PAIN AND PSYCHOAFFECTIVE DISORDERS: CONVERGENCE

VERSUS SPECIFICITY

Chairperson: M. Hamon, France

Time

16:15 **COMORBIDITY OF PAIN AND**

PSYCHOAFFECTIVE DISEASES - AN UPDATE

C. Sommer, Wuerzburg, Germany

16:35 SHARED VERSUS SPECIFIC BRAIN CIRCUITS

INVOLVED IN PAIN: FROM PHYSICAL TO

PSYCHOAFFECTIVE

L. Garcia-Larrea, Lyon, France

16:55 ARE THERE ANIMAL MODELS OF COMORBID

PAIN AND DEPRESSION?

J.-J. Benoliel, France

17:15 PSYCHOTROPIC DRUGS AND CHRONIC PAIN

J.-A. Mico, Cadiz, Spain

17:35 **DISCUSSION**

17:45 Short Break to Change Halls

16:15-17:45 Hall E Section Symposium ANTIPSYCHOTICS AND ANTIDEPRESSNTS: POLYPHARMACY **VERSUS MONOTHERAPY** Organised by the EPA Section on Psychopharmacology Chairpersons: I. Bitter, Budapest, Hungary G.J. Bobes, Oviedo, Spain Time 16:15 ANTIDEPRESSANT TREATMENT: POLYPHARMACY VERSUS MONOTHERAPY **S. Kasper**, A. Konstantinidis, *Vienna, Austria* 16:35 ANTIPSYCHOTIC TREATMENT: POLYPHARMACY VERSUS MONOTHERAPY **D. Naber**, Hamburg, Germany 16:55 OFF LABEL USE OF DRUGS IN PSYCHIATRY I. Bitter, Budapest, Hungary 17:15 POLYPHARMACY: INTERPRETATION OF STATISTICAL EVIDENCE FOR THE REGULATORY AGENCY, FOR THE SCIENTIFIC **COMMUNITY AND FOR PRACTICING PSYCHIATRISTS** P. Czobor, Budapest, Hungary 17:35 DISCUSSION 17:45 Short Break to Change Halls

16:15-17:45	Hall F		
Symposium SLEEP AND PSYCHIATRY			
Chairpersons:	M. Hornyak, Freiburg im Breisgau, Germany M. Novak, Budapest, Hungary		
Time	,,,,,		
16:15	SLEEP TIMING AND SLEEP MANIPULATION AS ANTIDEPRESSANTS A. Wirz-Justice, Basel, Switzerland		
16:35	GROUP COGNITIVE BEHAVIOURAL THERAPY (CBT) FOR INSOMNIA, THE BRISTOL UK EXPERIENCE J. Hicks, A. Green, S. Wilson, <i>Bristol, UK</i>		
16:55	SLEEP-RELATED MOVEMENT DISORDERS M. Hornyak, Freiburg im Breisgau, Germany		
17:15	SLEEP DISORDERS, MENTAL HEALTH AND QUALITY OF LIFE M. Novak ^{1,2} , ¹ Budapest, Hungary, ² Toronto, ON, Canada		
17:35	DISCUSSION		
17:45	Short Break to Change Halls		

16:15-17:45	Hall G	
Symposium SERVICE PROVISION FOR INVOLUNTARY COMMITTED AND FORENSIC PATIENTS		
Chairpersons	: H.J. Salize, Mannheim, Germany H. Dressing, Mannheim, Germany	
Time	3, 2 , 3	
16:15	PREVENTIVE MONITORING OF PSYCHIATRIC PATIENTS AT RISK FOR COMPULSORY READMISSION: PRELIMINARY RESULTS OF A MULTI-CENTER RCT C. Gallas, H. Dressing, N. Hess, S. Kief, H.J. Salize, Mannheim, Germany	
16:35	THE ORGANIZATION OF THE PSYCHIATRIC SERVICE AND CRIMINALITY COMMITTED BY THE MENTALLY ILL P. Kramp ¹ , G. Gabrielsen ² , ¹ Copenhagen N, ² Frederiksberg C, Denmark	
16:55	ARE PSYCHIATRIC HOSPITALS, FORENSIC INSTITUTIONS AND PENITENTIARIES IN EUROPE AN INTERLOCKED SYSTEM? H.J. Salize ¹ , H. Schanda ² , H. Dressing ¹ , ¹ Mannheim, Germany, ² Göllersdorf, Austria	
17:15	COMMUNITY PSYCHIATRY AND COERCIVE TREATMENT: A DELICATE RELATIONSHIP H. Schanda, Göllersdorf, Austria	
17:35	DISCUSSION	
17:45	Short Break to Change Halls	

16:15-17:45 Hall H

CME Course 2

INTERPERSONAL PSYCHOTHERAPY OF DEPRESSION (contd.)

Chairperson: T. Grüttert, Germany

17:45 Short Break to Change Halls

16:15-17:45 Hall I

CME Course 4

HOW TO WRITE AND PUBLISH A SCIENTIFIC PAPER (contd.)

Chairpersons: P. Munk-Jørgensen, Aalborg, Denmark

C. Lauber, Liverpool, UK

17:45 Short Break to Change Halls

16:15-17:15 YP Lounge

Young Psychiatrists' Happy Hour

PSYCHOPHARMACOLOGY OF TREATMENT RESISTANT DEPRESSION

Chairpersons: A. Fiorillo, Naples, Italy

A. Grigorov, Moscow, Russia

Speaker: A. Fagiolini , Pittsburgh, PA, USA

18:00-19:30 Hall C

Satellite Symposium

THE GENERALISED ANXIETY CONTINUUM: CUTTING THE VICIOUS CIRCLE REDUCING SUFFERING FOR PATIENTS AND THEIR DOCTORS

Sponsored by PFIZER

Chairperson: J.A. den Boer, Groningen, The Netherlands

Time

18:00 WELCOME AND INTRODUCTION

J.A. den Boer, Groningen, The Netherlands

18:05 THE ANXIETY CONTINUUM

O THE VICIOUS CIRCLE

O CHRONICITY OF GENERALIZED ANXIETY DISORDER AND THE IMPACT ON QUALITY OF LIFE O SYMPTOMS AND COMORBIDITIES

H.-U. Wittchen, Dresden, Germany

18:30 CUTTING THE VICIOUS CIRCLE

O IMPROVING THE DIAGNOSIS

O CHOOSING THE RIGHT TREATMENT FOR THE

RIGHT PATIENT

O PATIENT AND DOCTORS SATISFACTION

C. Altamura, Milano, Italy

19:05 QUESTIONS AND ANSWERS FROM THE

AUDIENCE

19:15 CLOSING REMARKS

SCIENTIFIC PROGRAMME TUESDAY

Tuesday, 2 March, 2010

Brave is trying to learn with ADHD.

You're frustrated. You're angry. You can't stand school and if truth be told, your school can't stand you.

You're one of an estimated 10 million people in Europe with untreated ADHD. Who suffers? Children. Adults. Families. Schools. Businesses. Communities.

ADHD is serious. And Shire is serious about ADHD. Not just with medications. But also partnering with doctors in researching new tools for diagnosis and treatment.

Don't give up, young man. You have our full attention.

08:00-09:30 Hall		
Joint Symposium EPA/DGPPN BIOLOGICAL BASIS OF PSYCHIATRIC DISORDERS AND PSYCHOPATHOLOGY		
Chairpersons	: F. Schneider, Aachen, Germany HJ. Möller, Munich, Germany	
Time	n9. Moner, Municin, Germany

WRITING/PUBLISHING/REVIEWING A SCIENTIFIC ARTICLE

1220 EPILEPTIC SEIZURES VS PSYCHOGENIC NON EPILEPTIC SEIZURES: LITERATURE REVIEW
A. Tzikos, K. Kentigeleni, F.G. Keskeridou, K. Christoudis, M. Samakouri, M. Livaditis, Alexandoupolis, Greece

A satellite symposium on the occasion of the 18th EPA European Congress of Psychiatry with educational financial support provided by AstraZeneca

Why do some psychiatric treatments have a broad spectrum of activity?

Hall B, International Congress Centre Munich, Germany Sunday 28 February 2010, 16:15-17:45

Programme

Chairs: Koen Demyttenaere (Belgium)
Hans-Jürgen Möller (Germany)

Welcome and introduction Hans-Jürgen Möller, Germany

Koen Demyttenaere, Belgium

Advances in the treatment for depression:

an update on antipsychotics Michael Bauer, Germany

Anxiety: a common theme in

psychiatric disorders? Siegfried Kasper, Austria

Understanding the mechanism of action: similarities and differences of current

treatments Eduard Vieta, Spain

Panel discussion A//

The European Accreditation Committee in CNS has designated this satellite symposium for a maximum of 1.5 CME credits.

Those interested in obtaining these CME credits will be required to fill in a special feedback rating form available online at www.eacic.eu

Quetiapine may not be approved in your country for all of the indications to which the data under discussion relates. Please consult prescribing information in your country.

PSYCHIATRY

Editor-in-Chief: Bankole A. Johnson

DEMIC PUBLISHING 21ST (C) NITURA

article review . Interactive peer-review . Democratic article tiering igh quality publishing • Rapid online publishing • Open access articles

WHY PU IN FRONTIERS

- Expert Editors (world class editors)
- (be the first, claim your discovery date)
- teniese (first real-time peer-review in publishing)
- (best articles selected by thousands of readers)
- (around 3 months from submission to acceptance)
- Massive Reac (over 240,000 readers)
- Global Disse (over 160 countries)
- Real-time In (online analysis of the impact of your article)
- Archived Pressures (in Pubmed, PsycINFO and Google Scholar)

Over 2,000 authors already have a Frantiers article. Do you?

SPONSOR & EXHIBITOR PROFILES

Bristol-Myers Squibb and Otsuka Pharmaceuticals

Booth No. 4

Bristol-Myers Squibb

Bristol-Myers Squibb is a global biopharmaceutical company committed to discovering, developing and delivering innovative medicines that help patients prevail over serious diseases.

Otsuka Pharmaceuticals

Founded in 1964, Otsuka Pharmaceutical Co., Ltd. is a global healthcare company with the corporate philosophy: 'Otsuka-people creating new products for better health worldwide.' Otsuka researches, develops, manufactures and markets innovative and original products, with a focus on pharmaceutical products for the treatment of diseases and consumer products for the maintenance of everyday health. Otsuka is committed to being a corporation that creates global value, adhering to the high ethical standards required of a company involved in human health and life, maintaining a dynamic corporate culture, and working in harmony with local communities and the natural environment. The Otsuka Pharmaceutical Group comprises 150 companies and employs approximately 36,000 people in 23 countries and regions worldwide.

German Association for Psychiatry and Psychotherapy (DGPPN)

Booth No. 25

DGPPN headquarters Reinhardtstr. 14 10117 Berlin Germany

Website: www.dgppn.de, www.dgppn-congress.de

The ancestor of the German Association for Psychiatry and Psychotherapy (DGPPN) was found in 1842 in Halle, Germany. It is a non-profit, national scientific organization, representing over 5,000 psychiatric and psychotheraupeutic professionals.

The DGPPN Congress will be held from 24 until 27 November 2010 in Berlin, Germany. The guiding topic of the congress in 2010 will be *Interdisciplinary Psychiatry*. For the second time there will be an Englich track during the congress, to reach as well the non-German-speaking interested parties.

Elsevier Masson SAS

Booth No. 3

Immeuble Aphelion 62 rue Camille Desmoulins 92442 Issy les Moulineaux cedex France

Website: www.em-consulte.com, www.elsevier-masson.com, www.elsevier.com

Elsevier Masson is part of Elsevier. The office is located in Paris. Founded in Paris, European Psychiatry has been published by the local office of Elsevier for the last 24 years. Since it is available on ScienceDirect, European Psychiatry has considerably developed its readership and its impact factor is on the upward trend.

Elsevier Masson also publish psychiatry journals in French - L'Encéphale, Annales médico-psychologiques, l'Evolution psychiatrique, Neuropsychiatrie de l'enfance et de l'adolescence, etc.

European Psychiatry is available in paper and electronic formats, and may be ordered either from the publisher or as EPA member.

GE Healthcare

Booth No. 9

Pollards Wood Nightingales Ln Chalfont, St Giles, Bucks HP8 4SP, UK

Website: www.gehealthcare.com

GE Healthcare is dedicated to helping you transfer healthcare delivery by driving critical breakthroughs in biology and technology. Our expertise in medical imaging is enabling healthcare professionals around the world discover new ways to predict, diagnose, and treat disease earlier. We call this model of care "Early health". The goal is to detect disease earlier, access more information and intervene earlier with more targeted treatments, so clinicians can help their patients live their lives to the fullest. Re-think, Re-discover, Re-invent, Re-imagine. Please visit our booth during the EPA 2010 Munich Congress to learn more about our offerings in the field of neurology.

Informa Healthcare

Telephone House 69-77 Paul Street London, EC2A 4LQ, UK

Website: www.informahealthcare.com

We are a dynamic publishing group serving the medical market with a unique range of publishing formats.

Our prestigious psychiatry portfolio comprises of key journals and books. Our range of psychiatry journals include: *Harvard Review of Psychiatry, World Journal of Biological Psychiatry, International Journal of Psychiatry in Clinical Practice, International review of Psychiatry, Journal of Mental Health, Issues in Mental Health Nursing, Australasian Psychiatry and Nordic Journal of Psychiatry.*

The collection gives global coverage of new psychiatry research, clinical studies, treatments and reviews to an audience of academics, psychiatrists and researchers.

For further information, please visit our website or email: karina.naylor@informa.com

International College of Neuropsychopharmacology (CINP)

Booth No. 24

CINP Central Office, Glenfinnan Suite, Braeview House

Street: 9/11 Braeview Place

City, Zip Code: East Kilbride, G74 3XH

Country: Scotland, UK

Website: www.cinp.org, www.cinp.com

CINP (International College of Neuropsychopharmacology) is the world's global psychopharmacology organisation. It is a membership organisation with widespread support from all over the world. Its mission is to encourage and promote international scientific study, teaching and the application of neuropsychopharmacology. It provides advice and consultation for the evaluation of all aspects of neuropsychiatric drugs, including biochemistry, pharmacology, safety and therapeutic efficacy. Through these activities it seeks to improve and advance research activities thus leading to improved patient care.

The XXVII CINP congress will take place in Hong Kong, from 6 until 10 June 2010. It will be the second biennial congress to be held outside of North America and Europe.

S. Karger AG

Booth No. 23

Allschwilerstrasse 10, CH-4009 Basel

Website: www.karger.com

Karger Publishers is a leading international publisher of books and journals in basic and medical sciences. During the EPA 2010 Munich congress we are pleased to present a wide range of publications in psychiatry. Be sure not to miss our book series 'Advances in Psychosomatic Medicine', 'Advances in Biological Psychiatry' and 'Key Issues in Mental Health' with their recent published volumes. Journals of particular interest presented at our booth are EUROPEAN ADDICTION RESEARCH, PSYCHOPATHOLOGY and PSYCHOTHERAPY AND PSYCHOSOMATICS - free sample copies will be available. Publications are accessible online at www.karger.com/psychiatry, with full-text search of articles and many other services.

H. Lundbeck A/S

Otilliavej 9

DK-2500 Valby - Copenhagen

Denmark

Website: www.lundbeck.com

Lundbeck - The Specialist in Psychiatry - Pioneer in Neurology H.Lundbeck A/S is an international pharmaceutical company truly dedicated and focused in research & development, production, marketing and sales of medicines for diseases within CNS. The company has a long history of creating innovative treatments for depression and anxiety and the launch of Cipralex/Lexapro (escitalopram) has confirmed the leading position in this area. Today more than 160 million patients have been treated with Cipralex/Lexapro. Lundbeck also market Ebixa for treatment of Alzheimer's disease, Azilect for treatment of Parkinson's disease and Serdolect for treatment of schizophrenia.

Pfizer Ltd

Booth No. 20 & 9A

Walton Oaks Dorking Road, Tadworth Surrey, KT20 7NS UK

Website: www.pfizer.com

Pfizer Inc.: Working together for a healthier world™

At Pfizer, we apply science and our global resources to improve health and well-being at every stage of life. We strive to set the standard for quality, safety and value in the discovery, development and manufacturing of medicines for people and animals. Our diversified global health care portfolio includes human and animal biologic and small molecule medicines and vaccines, as well as nutritional products and many of the world's best-known consumer products. Every day, Pfizer colleagues work across developed and emerging markets to advance wellness, prevention, treatments and cures that challenge the most feared diseases of our time. Consistent with our responsibility as the world's leading biopharmaceutical company, we also collaborate with health care providers, governments and local communities to support and expand access to reliable, affordable health care around the world. For more than 150 years, Pfizer has worked to make a difference for all who rely on us.

Schering-Plough

Booth No. 17

2000 Galloping Hill Road Kenilworth, NJ 07033 www: schering-plough.com

Essex Pharma GmbH, with its headquarters in Munich, is part of Merck & Co., Inc., Whitehouse Station, N.J., USA, a global science-based pharmaceutical manufacturer engaged in the research, development, production, and marketing of medicines and vaccines for various therapeutic areas. The company's prime concern is the well-being of patients. It is committed to providing and increasing access to urgently needed medicines worldwide. In line with this goal, Merck donates and delivers its products to numerous countries that need them. Merck is also committed to spreading up-to-date medical knowledge to healthcare professionals. In Germany, Essex Pharma markets a broad range of innovative human prescription products with the emphasis on allergology, anesthesia, CNS, dermatology, fertility, gynecology, hepatology, cardiovascular, immunology, mycology and oncology

The company's German website is www.essex.de

Servier International

Booth No. 6

35 rue de Verdun 92284 Suresnes cedex FRANCE

Website: www.servier.com

Servier is a private, independent pharmaceutical company, led by its founder, Dr Jacques Servier. For many years, psychiatric diseases have been considered an important therapeutic area for Servier, and the company has contributed to the development of major advances and the treatment of depression with the aim of optimizing patient management. This contribution has recently been exemplified by the development of Valdoxan (agomelatine), the first melatonergic antidepressant. Throughout its clinical development, Valdoxan has proven effective in treating depression and in restoring disturbed sleep-wake rhythms in depressed patients. Valdoxan thus constitutes a novel therapeutic approach to major depression.

Shire Pharmaceuticals plc

Booth No. 19A

Hampshire International Business Park Chineham Basingstoke Hampshire UK RG24 8EP

Website: www.shire.com

Shire aspires to be the most valuable specialty Biopharmaceutical Company in the world focused on a single purpose: to enable people with life-altering conditions to lead better lives.

Through our Specialty Pharma business, we develop and distribute an innovative portfolio of treatments for patients with ADHD, ulcerative colitis, and end-stage renal disease. Our commitment throughout is on symptomatic diseases, treated by specialist physicians. We're conversing with thought leaders. We're listening to patients and families, to innovators and inventors. We're asking ourselves what more we can do to make this world a healthier place and in doing so, we're mindful of our overall cultural ethos; to be as brave as the people we help.

Steigerwald Arzneimittelwerk GmbH

Booth No. 14

Havelstraße 5 64295 Darmstadt

Website: www.steigerwald.de

The family-owned company Steigerwald has a long tradition as an independent company since its founding in 1951 in Germany. In particular, it has been intensely involved in the research, development and manufacture of herbal medicines.

Based on its experience and commitment to progress, the development, testing, standardisation and manufacture of herbal medicines have been continuously optimised. High-grade medicines conforming to the highest quality standards are manufactured nowadays by Steigerwald in modern laboratories and production facilities.

An excellent example is the prescription medicine Laif® 900. It is a herbal antidepressant with demonstrated clinical efficacy (therapeutically equivalent to 20 mg Citalopram) and characterised by a significantly better tolerability and thus by a high degree of patient compliance.

Wiley-Blackwell, John Wiley & Sons Ltd.

Booth No. 15

9600 Garsington Road Oxford, OX4 2DQ

UK

Website: www.wilev.com/go/psychiatry

Wiley-Blackwell is the international scientific, technical, medical and scholarly publishing business of John Wiley & Sons, with strengths in every major academic and professional field and partnerships with many of the world's leading societies. For more information, please visit www.wiley.com/go/psychiatry

Wisepress Medical Bookshop

Booth No. 8

The Old Lamp Works 25 High Path Merton Abbey London SW19 2IL UK

Website: www.wisepress.com, bookshop@wisepress.com

Wisepress.com, Europe's leading conference bookseller, has a complete range of books and journals relevant to the themes of the meeting. Books can be purchased at the stand or, if you would rather not carry them, posted to you - Wisepress will deliver worldwide. In addition to attending 250 conferences per year, Wisepress has a comprehensive medical and scientific bookshop online with great offers, some up to 40% off the publisher list prices.

World Federation of Societies of Biological Psychiatry (WFSBP)

Booth No. 26

Global Headquater Zum Ehrenhain 34 22885 Barsbüttel Germany

Website: www.wfsbp-congress.org, www.wfsbp-congress.org

Buenos Aires, Argentina, the World Founded in 1974 in Federation of Societies of Biological Psychiatry is a non-profit, international organization composed of over 60 national societies of biological psychiatry, representing over 4,500 professionals. As a world authority on biological psychiatry, WFSBP is also highly committed to pioneering and promoting the highest levels of education and dissemination within the field.

The 10th World Congress of Biological Psychitary will be held from 29 May until 02 June 2011 in Prague, Czech Republic to discuss current advances in biology and molecular genetics, the development of new drugs based upon new molecular concepts, and the advances in modern technologies and neuroscience.

ABILIFY® (aripiprazole) prescribing information tablets, orodispersible tablets, oral solution & ABILIFY® 7.5 mg/ml solution for injection

PRESENTATION: Tablets: 5mg, 10mg, 15mg, 30mg aripiprazole; oradispersible tablets (ODT): 10mg, 15mg aripiprazole; oral solution (OS): 1mg/ml aripiprazole; solution for injection for intramuscular use (IM): 7.5mg/ml aripiprazole (1.3ml vial containing 9.75mg aripiprazole).

INDICATIONS: Oral formulations: Adults: Schizophrenia, Moderate to severe manic episodes in Bipolar | Disorder & prevention of new manic episodes in aripiprazole respondent patients. Paediatric patients: Schizophrenia in adolescents 15 years and older.

IM: Rapid control of agitation & disturbed behaviours in schizophrenia or manic episodes in Bipolar I Disorder.

DOSAGE: Oral formulations: Adults: Schizophrenia: Usual starting dose is 10 or 15 mg once daily with or without food. Effective dose range is 10 to 30 mg with a recommended maintenance dose of 15 mg. Mania in Bipolar I Disorder: Usual starting dose is 15 mg once daily with or without food as monotherapy or combination therapy. For recurrence prevention, continue at same dose. Dose adjustment on basis of clinical status. Paediatric patients: Schizophrenia: Recommended dose is 10 mg/day once daily with or without food. Treatment to be initiated at 2 mg (using ABILIFY Oral Solution 1 mg/ml) for two days, tiltrated to 5 mg for two more days to reach recommended daily dose of 10 mg. Effective dose range is 10 to 30 mg/day.

IM: Initial dose 9.75mg (1.3ml) injection. Effective dose range: 5.25 to 15 mg as single injection. Lower dose of 5.25 mg III0.7 ml) may be given. Second injection may be administered two hours after the first, on basis of indi-

vidual clinical status. No more than three injections in any 24-hour period.

For all formulations (adult and paediatric patients): Maximum daily dose 30mg. No dosage adjustment required in renal or mild to moderate hepatic impairment. Elderly (> 65 years): Efficacy not established. Consider lower starting dose. Not recommended for use in patients below 15 years of age: Safety and efficacy not established.

CONTRA-INDICATIONS: Hypersensitivity to any ingredient.

WARNINGS AND PRECAUTIONS: Clinical improvement may take several days to some weeks: monitor patient throughout this period. Reduce dose or discontinue if signs of tardive dyskinesia appear. Discontinue if patient develops signs and symptoms indicative of neuroleptic malignant syndrome. Caution in patients with a history of seizure, cardiovascular disorders, conduction abnormalities, diabetes and elderly demented patients with psychosis and those at risk of aspiration pneumonia (see SPC). Do not use in pregnancy unless benefit outweighs risk; breasfeeding not advised. Until individual patient response established, caution not to drive or operate machinery.

IM: observe patients for orthostatic hypotension and regularly monitor blood pressure, pulse, respiratory rate and level of consciousness. If additional parenteral benzodiazepine therapy is deemed necessary, monitor patients for excessive sedation and for orthostatic hypotension.

DRUG INTERACTIONS: Increased hypotensive effect with certain antihypertensives. Caution is advised when combining with alcohol or other CNS medication with overlapping side effects such as sedation; also with certain antifungals, antituberculous drugs, antivirals, anticonvulsants, St John's Wort and medicines known to cause QT prolongation or electrolyte imbalance. Reduce aripiprazole dose with concomitant use of potent CYP3A4 or CYP2D6 inhibitors, e.g., fluoxetine, paroxetine, Increase aripiprazole dose with concomitant use of potent CYP3A4 inducers, e.g., carbamazepine. See SPC. IM: increased sedation when combined with lorazepam.

UNDESIRABLE EFFECTS: In adult placebo-controlled trials, the following adverse drug reactions were reported: Tablets, ODT, OS, I/M common (>1/100 <1/10): somnolence, dizziness, headache, akathisia, nausea, vomiting; Tablets, ODT, OS common (>1/100 <1/10): restlessness, insomnia, anxiety, extrapyramidal disorder, tremor, sedation, blurred vision, dyspepsia, constipation, salivary hypersecretion, fatigue; Tablets, ODT, OS, I/M uncommon (>1/1000 <1/100): tachycardia, orthostatic hypotension; I/M uncommon (>1/1000 <1/100): increased diastolic blood pressure, fatigue, dry mouth; Tablets, ODT, OS uncommon (>1/1000 <1/100): depression. In adolescent (13-17 years) placebo-controlled trials, the adverse drug reactions reported were similar to those for adults; the following adverse drug reactions were reported more frequently than for adults: very common (>1/10): somnolence, sedation, extrapyramidal disorder; common (>1/100 <1/10): dry mouth, increased appetite, orthostatic hypotension. Other adverse events from postmarketing surveillance include; allergic reaction (anaphylaxis & angioedema), pancreatitis, priapism, suicide, rhabdomyolysis, hyperglycaemia, diabetes, dysphagia, convulsions, cardiac disorders including arrhythmias & sudden unexplained death, thromboembolic events, hypertension, hepatitis, leukopenia and thrombocytopenia. Symptoms of dystonia may occur in susceptible individuals during the first few days of treatment with an elevated risk of acute dystonia observed in males and younger age groups. Other findings, see SPC.

OVERDOŠAĞE: Treatment should be symptomatic and supportive: adequate airway maintenance, cardiovascular monitoring and close medical supervision. Activated charcoal reduces serum concentrations.

LEGAL CATEGORY: POM

AUTHORISATION NUMBERS & BASIC NHS PRICE: 28 tablets; 5mg (EU/1/04/276/002) \$97.67, 10mg (EU/1/04/276/007) \$97.67, 15mg (EU/1/04/276/012) \$97.67, 30mg (EU/1/04/276/017) \$195.33. 28 orodispersible tablets; 10mg (EU/1/04/276/025) \$97.67, 15mg (EU/1/04/276/028) \$97.67. 150mL bottle 1 mg/ml oral solution: (EU/1/04/276/034) \$104.64. 1.3ml vial 7.5mg/ml solution for injection: (EU/1/04/276/036) \$3.49.

Sometimes you can't see

PRESCRIBING INFORMATION DaTSCAN™ ioflupane (1231)

Please refer to full national Summary of Product Characteristics (SPC) before prescribing. Indications and approvals may vary in different countries. Further information available on request.

PRESENTATION Vials containing 185 MBq or 370 MBq ioflupane (123) at reference time. INDICATIONS Detecting loss of functional dopaminergic neuron terminals in the striatum. i) in patients with clinically uncertain Parkinsonian Syndromes in order to help differentiate Essential Tremor from Parkinsonian Syndromes related to idiopathic Parkinson's Disease (PD), Multiple System Atrophy (MSA), Progressive Supranuclear Palsy (PSP). DaTSCAN is unable to discriminate between PD, MSA and PSP. ii) to help differentiate probable dementia with Lewy bodies (DLB) from Alzheimer's disease. DaTSCAN is unable to discriminate between DLB and Parkinson's disease dementia. DOSAGE AND METHOD OF ADMINISTRATION DaTSCAN is a 5% (v/v) ethanolic solution for intravenous injection and should be used without dilution. Clinical efficiency has been demonstrated across the range of 111-185 MBq; do not use outside this range. Slow intravenous injection (15-20seconds) via arm vein is recommended. Appropriate thyroid blocking treatment must be given prior to and post injection of DaTSCAN. SPECT imaging should take place 3-6 hours after injection of DaTSCAN. DaTSCAN is not recommended for use in children or adolescents. For use in patients referred by physicians experienced in the management of movement disorders/dementia. CONTRAINDICATIONS Pregnancy and hypersensitivity to the active substance or any of the excipients. WARNINGS AND PRECAUTIONS Radiopharmaceuticals should only be used by qualified personnel with appropriate government authorisation and should be prepared using aseptic and radiological precautions. DaTSCAN is not recommended in moderate to severe renal or hepatic impairment. Contains 5% volume ethanol, up to 197mg per dose, harmful for those suffering from alcoholism. To be taken into account in high-risk patients e.g. liver disease or epilepsy. INTERACTIONS Consider current medication. Medicines that bind to the dopamine transporter may interfere with diagnosis; these include amfetamine, benzatropine, buproprion, cocaine, mazindol, methylphenidate, phentermine and sertraline. Drugs shown during clinical trials not to interfere with DaTSCAN imaging include amantadine, trihexyphenidyl, budipine, levodopa, metoprolol, primidone, propranolol and selegiline. Dopamine agonists and antagonists acting on the postsynaptic dopamine

the wood for the trees.

Many of the symptoms of Alzheimer's disease overlap those of dementia with Lewy bodies, particularly in the early stages. A differential diagnosis is difficult, if not impossible. However, you appreciate that it's not only important for you, but also for the patient and their family to know precisely what they are dealing with.

Clarity the DaTSCAN™ way

For early accurate diagnosis

receptors are not expected to interfere with DaTSCAN imaging and can therefore be continued if desired. PREGNANCY AND LACTATION Contraindicated in pregnancy. Information should be sought about pregnancy from women of child bearing potential. A woman who has missed her period should be assumed to be pregnant. If administration to a breast feeding woman is necessary, substitute formula feeding for breast feeding for 3 days. UNDESIRABLE EFFECTS No serious adverse effects have been reported. Common side effects include headache, vertigo and increased appetite and formication. Exposure to ionising radiation is linked with cancer induction and a potential for hereditary defects and must be kept as low as reasonably achievable. Intense pain on injection has been reported uncommonly following administration into small veins. DOSIMETRY Effective dose from 185 MBq is 4.35 mSv. OVERDOSE Encourage frequent micturition and defecation. MARKETING AUTHORISATION HOLDER GE Healthcare United, Amersham Place, Little Chalfont, Buckinghamshire, HP7 9NA, UK. CLASSIFICATION FOR SUPPLY Subject to medical prescription.

MARKETING AUTHORISATION NUMBERS EU/1/00/135/001 (2.5ml) and EU/1/00/135/002 (5.0ml). DATE OF REVISION OF TEXT 23 February 2009. UK Price £449.19/185MBq.

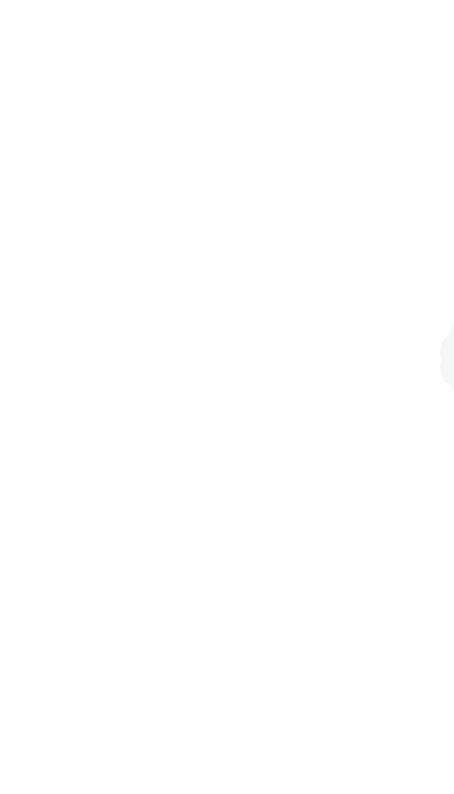

Adverse events should be reported. Reporting forms and information can be found at www.yellowcard.gov.uk. Adverse events should also be reported to GE Healthcare.

ABOUT THE EUROPEAN PSYCHIATRIC ASSOCIATION

EPA MEMBERSHIP

To become a member of EPA, you are invited to submit your application to the Secretary General.

A standard application form can be downloaded from the EPA website at www.europsv.net

- Join and Penetrate the network of European scientists and researchers in Psychiatry
- Keep yourself informed about the latest scientific research and treatments
- Contribute to the life of the association and to the development of Psychiatry in Europe

ABOUT THE EUROPEAN PSYCHIATRIC ASSOCIATION

HISTORY

The European Psychiatric Association (EPA) was founded in October 1983 in the library of the Psychiatric Clinic of the University Hospitals of Strasbourg. The founding members were twelve French- and Germanspeaking University Psychiatrists: Professor Manfred Ackenheil † (Munich), Professor Peter Berner (Vienna), Professor Daniel Bobon † (Liège), Professor Harst Dilling (Lübeck), Professor Henri Dufour (Marseille), Professor Hans Heimann † (Tübingen), Professor Hans Hippius (Munich), Professor Michel Patris (Strasbourg), Professor Pierre Pichot (Paris), Professor Charles Pull (Luxembourg), Professor Werner Rein (Tübingen) and Professor Léonard Singer † (Strasbourg). The association was then given the name "Association of European Psychiatrists (AEP)".

The objective of the AEP founding members was to establish an Association of French and German Psychiatrists, which would promote European Psychiatry in the fields of research, treatment and teaching, three axes considered to be unequivocally complementary.

Another objective was to establish an Association of psychiatrists that would act as a privileged mediator between practitioners, official councils and public authorities on matters relating to mental health policies. Besides, in the mind of its founding members, this Franco-German Association was to be the first step towards the creation of an Association gathering psychiatrists from all European countries.

In order to reach these goals, AEP gradually set up the organisation of the annual European Congress of Psychiatry, as well as other regular scientific meetings, the publication of a scientific international journal, the awarding of research grants and the creation of sections, as working groups corresponding to sub-disciplines in psychiatry.

Since its foundation and the inaugural Symposium held in May 1984, the number of AEP members had been growing steadily and its extension to all countries - members of the European Council proceeded rapidly. As a consequence, AEP was granted in February 1989 with a consultant status for the European Council followed by a participatory status in 2003.

Strasbourg was selected as the seat of the Association. This choice derived from political, cultural and scientific reasons: Strasbourg is the seat of numerous international and European institutions, is situated in the centre of Europe, and is the university centre where the long - prevailing French and German psychiatric schools blended.

HISTORY (cont.)

In 2008, the Extraordinary General Assembly brought about important changes to Association's Statutes and future. A notable evolution applies to the new name of the organisation, called "European Psychiatric Association" (EPA) from then on. This change was well motivated by the wish to be in harmony with the name of its European and international partners, as also with the title of its European Congress.

Another major achievement has been inspired by the interest of the association in increasing its cooperation with National Psychiatric Associations. For this reason, EPA changed its Statutes in 2009 and offers now the possibility to National Psychiatric Associations to become Corporate Members, while still preserving the possibility of individual membership.

EPA is the most visible psychiatric association in Europe, basing its growth on the development of collaborative projects with other major psychiatric organisations, such as the European College of Neuro-Psychopharmacology (ECNP), the German Research Network on Schizophrenia (ECSR), the International Society of Neurobiology and Psychopharmacology, the European Brain Council (EBC) and the European Union of Medical Specialists (UEMS).

TODAY

The European Psychiatric Association is the **largest international association of psychiatrists in Europe**, with active members in as many as 71 countries including the international members. Its members include leading experts, but also National and Psychiatric Associations, covering the interests of psychiatry and mental health in academia, research and practice.

Since 1983, EPA has dealt with psychiatry and its related disciplines and focuses on the improvement of care for the mentally ill as well as on the development of professional excellence.

MISSION

The mission of EPA is to improve psychiatry and mental health care throughout Europe.

ACTIVITIES

EPA accomplishes its mission through the following activities:

- Annual European Congress of Psychiatry
- Corporate membership open to National and International Psychiatric Associations
- The European Psychiatry journal, published in 8 issues per year, plus supplements
- 18 sections, which collect, examine and disseminate information about their respective disciplines
- Organisation of EPA Academia CME courses across Europe
- Collaborative activities in partnership with international organisations working in the field of psychiatry and mental health care
- Regular EPA committee meetings in Europe, aiming at circulating information and implementing the action plan voted by the General Assembly composed of EPA members
- · A wide range of grants and prizes

ACADEMIA

EPA has been proposing CME courses both during the annual European Congress of Psychiatry and throughout the year in collaboration with national psychiatric societies.

EUROPEAN COUNCIL OF THE NATIONAL PSYCHIATRIC ASSOCIATIONS

Following the success of the European Platform of Psychiatrists, which was organised by the European Psychiatric Association in 2007, 2008, and 2009, in order to develop closer cooperation with national psychiatric societies in Europe, EPA Executive Committee decided on 1 November 2009 to establish the "European Council of the National Psychiatric Associations (NPAs)", as an advisory body of EPA. The Council is composed of the Presidents of the NPAs, who are EPA Corporate Members. The Inaugurating meeting of the Council will take place on 1 March 2010 in Munich, Germany, during the 18th European Congress of Psychiatry.

SECTIONS

- Alcoholism and Drug Addiction
- Child and Adolescent Psychiatry

PRIZES and AWARDS

One of the European Psychiatric Association's missions is to accompany Young Psychiatrists in their professional development. For this, the association proposed a large panel of grants and prizes.

Research Prizes

Up to five Research Prizes of €2,500 each and free Congress registration will be awarded to Young Psychiatrists, who have published the best scientific papers.

European BMS Prevention Award in Psychiatry

Established to recognise distinguished research in the field of prevention in psychiatric disorders, this award amounting €20,000 will be allocated for scientific purposes at the winner's institution. The selected candidate will be invited to present his or her lecture during a 20 minutes session, at the official opening of the European Congress of Psychiatry.

Best Poster Prizes

The winners will be selected onsite and awarded €300 each.

Scholarship Programme

The EPA scholarship programme for Young Psychiatrists and Trainees will provide special grants (travel assistance, hotel accommodation and complimentary registration.
