

**Institute of Psychiatry, Psychology &
Neuroscience, King's College London /
South London and Maudsley NHS
Foundation Trust
London, United Kingdom**

Description

The Institute of Psychiatry, Psychology & Neuroscience (IoPPN) is Europe's largest centre for research and postgraduate education in psychiatry, psychology, basic and clinical neuroscience. This world-class research-led institute attracts the very best students from around the world who enjoy unrivalled learning opportunities, supported by strong partnerships with South London and Maudsley NHS Foundation Trust (SLaM). The selected participant will be able to discuss in advance the research project that they would like to focus on during their Exchange, within the field of Public Mental Health or Digital Mental Health. Applicants' contribution might consist of the analysis of data, manuscript preparation and contributing to the dissemination of the findings. Participants will have the opportunity to attend seminars, workshops and meetings of relevance to their exchange.

Focus: Digital and public mental health, specifically psychosis, from both research and clinical perspectives.

Type of placement: Clinical, Research, Academic
